

Age-verified beer vending machines

Glass-front vending machines for canned beer, seltzer and cocktails, with an ID scanner, tap-to-pay and a lit pickup port built in. Guests buy in about 20 seconds without waiting at the bar.

How a sale works

0:00 Pick a drink

Up to two drinks on the touchscreen, at the prices you set.

0:05 Scan an ID

The scanner reads and validates the license barcode before payment opens.

0:10 Tap to pay

Contactless cards and phone wallets.

0:15 Pick it up

An internal lift lowers the can to the pickup port. The guest is charged only once it arrives.

Included with every machine

DrinkDock Manager

Sales by the hour, stock by selection, restock texts, staff controls and a compliance log.

Always connected

Wi-Fi with built-in LTE backup. Fails closed if power, network, scanner or payments drop out.

Install

About an hour, by DrinkDock. No plumbing. Staff walkthrough included.

Ways to get one

Lease

24 and 36-month terms. Install, Manager, service and warranty included.

Event rental

Per machine per day within 30 miles of Philadelphia, delivered and collected.

Staff controls

Two drinks per ID scan, 20-minute wait per ID, one-tap guest lockout, instant pause, hours locked to your license.

Service

Remote monitoring around the clock and next-business-day on-site service in the Philadelphia area.

PLCB review

Before install we request a written PLCB advisory opinion for your venue's setup.

Purchase

Own the hardware, with volume pricing for 3 or more machines. Manager as a monthly subscription.

You keep the revenue

The machine sells your inventory under your license. Nightly payouts, minus card processing.

Pricing on request
